ELECTRONICS, RADIO, X-RAY FACTORY UNDER CONSTRUCTION

SLATE FULL-SCALE PRODUCTION FOR END OF 1951 -- Ljubljana Slovenski Porocevalec, 22 Sep 50

A large electronics, radio, and X-ray factory is under construction in the vicinity of Nis, on the road to Nis Banja. Several shops have already been completed, others are near completion, and the foundations of ten additional shops are being laid.

The main shop, for which machinery was constructed by the factory in Zeleznik and by the "Prvomajska" Factory, is already in operation.

A large gasworks has been built for the new factory. The factory has been named "RR Zavod" (RR Institute).

The factory will manufacture X-ray tubes, according to the modern "Kolic" system. Molybdenum, platinum, gold, and silver are used in the manufacture of these tubes, which have to withstand a voltage of 60,000 volts.

The shop, which will produce electron and X-ray tubes, is about 60 meters long. The department for the production of high-frequency transformers will be located near this shop. The factory will also produce cables and lead glass.

All parts for radios will also be produced in this factory. By the end of 1951, it will produce radio receiving sets and X-ray apparatus and will employ several thousand workers.

BAR GETS NEW RADIO STATION -- Ljubljana Slovenski Porocevalec, 23 Sep 50

A new radio station will begin operation soon in Bar. It will transmit not only programs of the Belgrade and Titograd radio stations, but also some of its own, such as reports on the work of the People's Front, rural life, and life in socialist enterprises.
